

SPARKLE Thunderbolt™ 5 eGPU Studio-G Ultra 850 Luna, Thunderbolt™ 5 80/120 Gbps, 3.5-Slot PCIe Graphics Enclosure, ATX 3.1 850W PSU, USB 3.2 & 2.5 Gbps Ethernet Ports, Windows Compatible

Powered by Intel® Barlow Ridge controller, SPARKLE Thunderbolt™ 5 eGPU Studio-G Ultra 850 transforms your laptop into a high-performance workstation through external PCIe GPU connectivity. Featuring Thunderbolt™ 5 technology with 80/120Gbps bandwidth and industry-leading GPU compatibility, it supports graphics cards up to 3.5-slot width and 346mm length, while the built-in ATX 3.1 850W 80 PLUS Gold PSU delivers robust power for flagship GPUs.

SPECIFICATIONS

- Intel® Barlow Ridge Controller
- 2x Thunderbolt™ 5 Port
- 1x Internal PCIe x16 slot with 4 lanes PCIe 4.0
- Built-in ATX3.1 850W PSU
- 3x 6+2 pin and 1x 12V-2X6 Power Connector
- 1x 2.5 Gigabit Ethernet
- 3x USB-A 3.2 Gen2
- 1x USB-C 3.2 Gen2
- EAN: 4711342291051

KEY FEATURES

- Luna White Design
- Gullwing Door Design, Easy to Install
- Intel® Barlow Ridge, Thunderbolt™ 80/120Gbps
- Support up to 3.5-slot PCIe Graphics Card
- 96W PD Host Charge
- Provide Maximum 600W for GPU

OS Requirement

- Compatible with Windows® 11 and above

Maximum Supported GPU

- 346 x 170 x 77 mm

ACCESSORY

- Power Cord x1
- Thunderbolt™ 5(80Gbps) Cable 0.8m x1
- Quick Guide

DIMENSIONS

- Dimension: 403 x 200 x 237mm
- Weight: 6,164 g (without GPU)
