

SPARKLE Power Dock +, 8 Ports of Connectivity, Built-in AC Power Module, Single 4K HDMI Output, Windows / macOS Compatible, TC-9411L

Still carrying both your laptop's AC adapter and a docking station. With the TC-9411L Power Dock, you only need one device.

The TC-9411L combines a built-in AC power module with an 8-in-1 docking solution, allowing you to power your laptop while expanding connectivity through a single USB-C connection. Connect displays, storage devices, networks, and peripherals with ease—no extra adapters required.
